FW-Manager

- •Real-time live-view, recording and playback
- •16~256ch central management software
- Advanced search functions
- Advanced monitoring functions
- •1080fps/1920fps viewing & recording performance
- •POS / Serial Data / VA integration

IPCCTVDNS

- •Routing gateway for FlexWATCH® equipment using dynamic IP or private IP
- Web based command and control
- •Admin/semi-admin(group)/user wise authentication

ISENS

- •IP Surveillance Enterprise System
- •Component based FlexWATCH® Management Systen
- •Components: Scalable and Cascade Architecture
- -CentralDB, Active Alarm, Interactive Map
- -Virtual Matrix, Storage Health Checker, Composer, etc
- •More than 1,000 IP channels support

VSS

- •Video streaming server, Video proxy function
- Redistributing and encapsulating all streams of FlexWATCH® Network cameras and video servers
- •Web based command and control
- •Max. 1024 video streaming support
- Transparent control for PTZ cameras

IP Install Tool

FlexWATCH Installer for IP setup FlexWATCH Installer Lite for End user FlexWATCH Installer Pro for Installer
